DEDICATION

We, the Class of 1949, wish to dedicate this edition of "The Bulldog" to our parents, sponsors, and teachers who have given so freely of their time and efforts that we might have memories of enjoyable and prosperous years at Lapel High School.

(Left to right) Kenneth Paulsel, Township Trustee; Hubert Valentine, Ray Faust, Curtis Conrad.

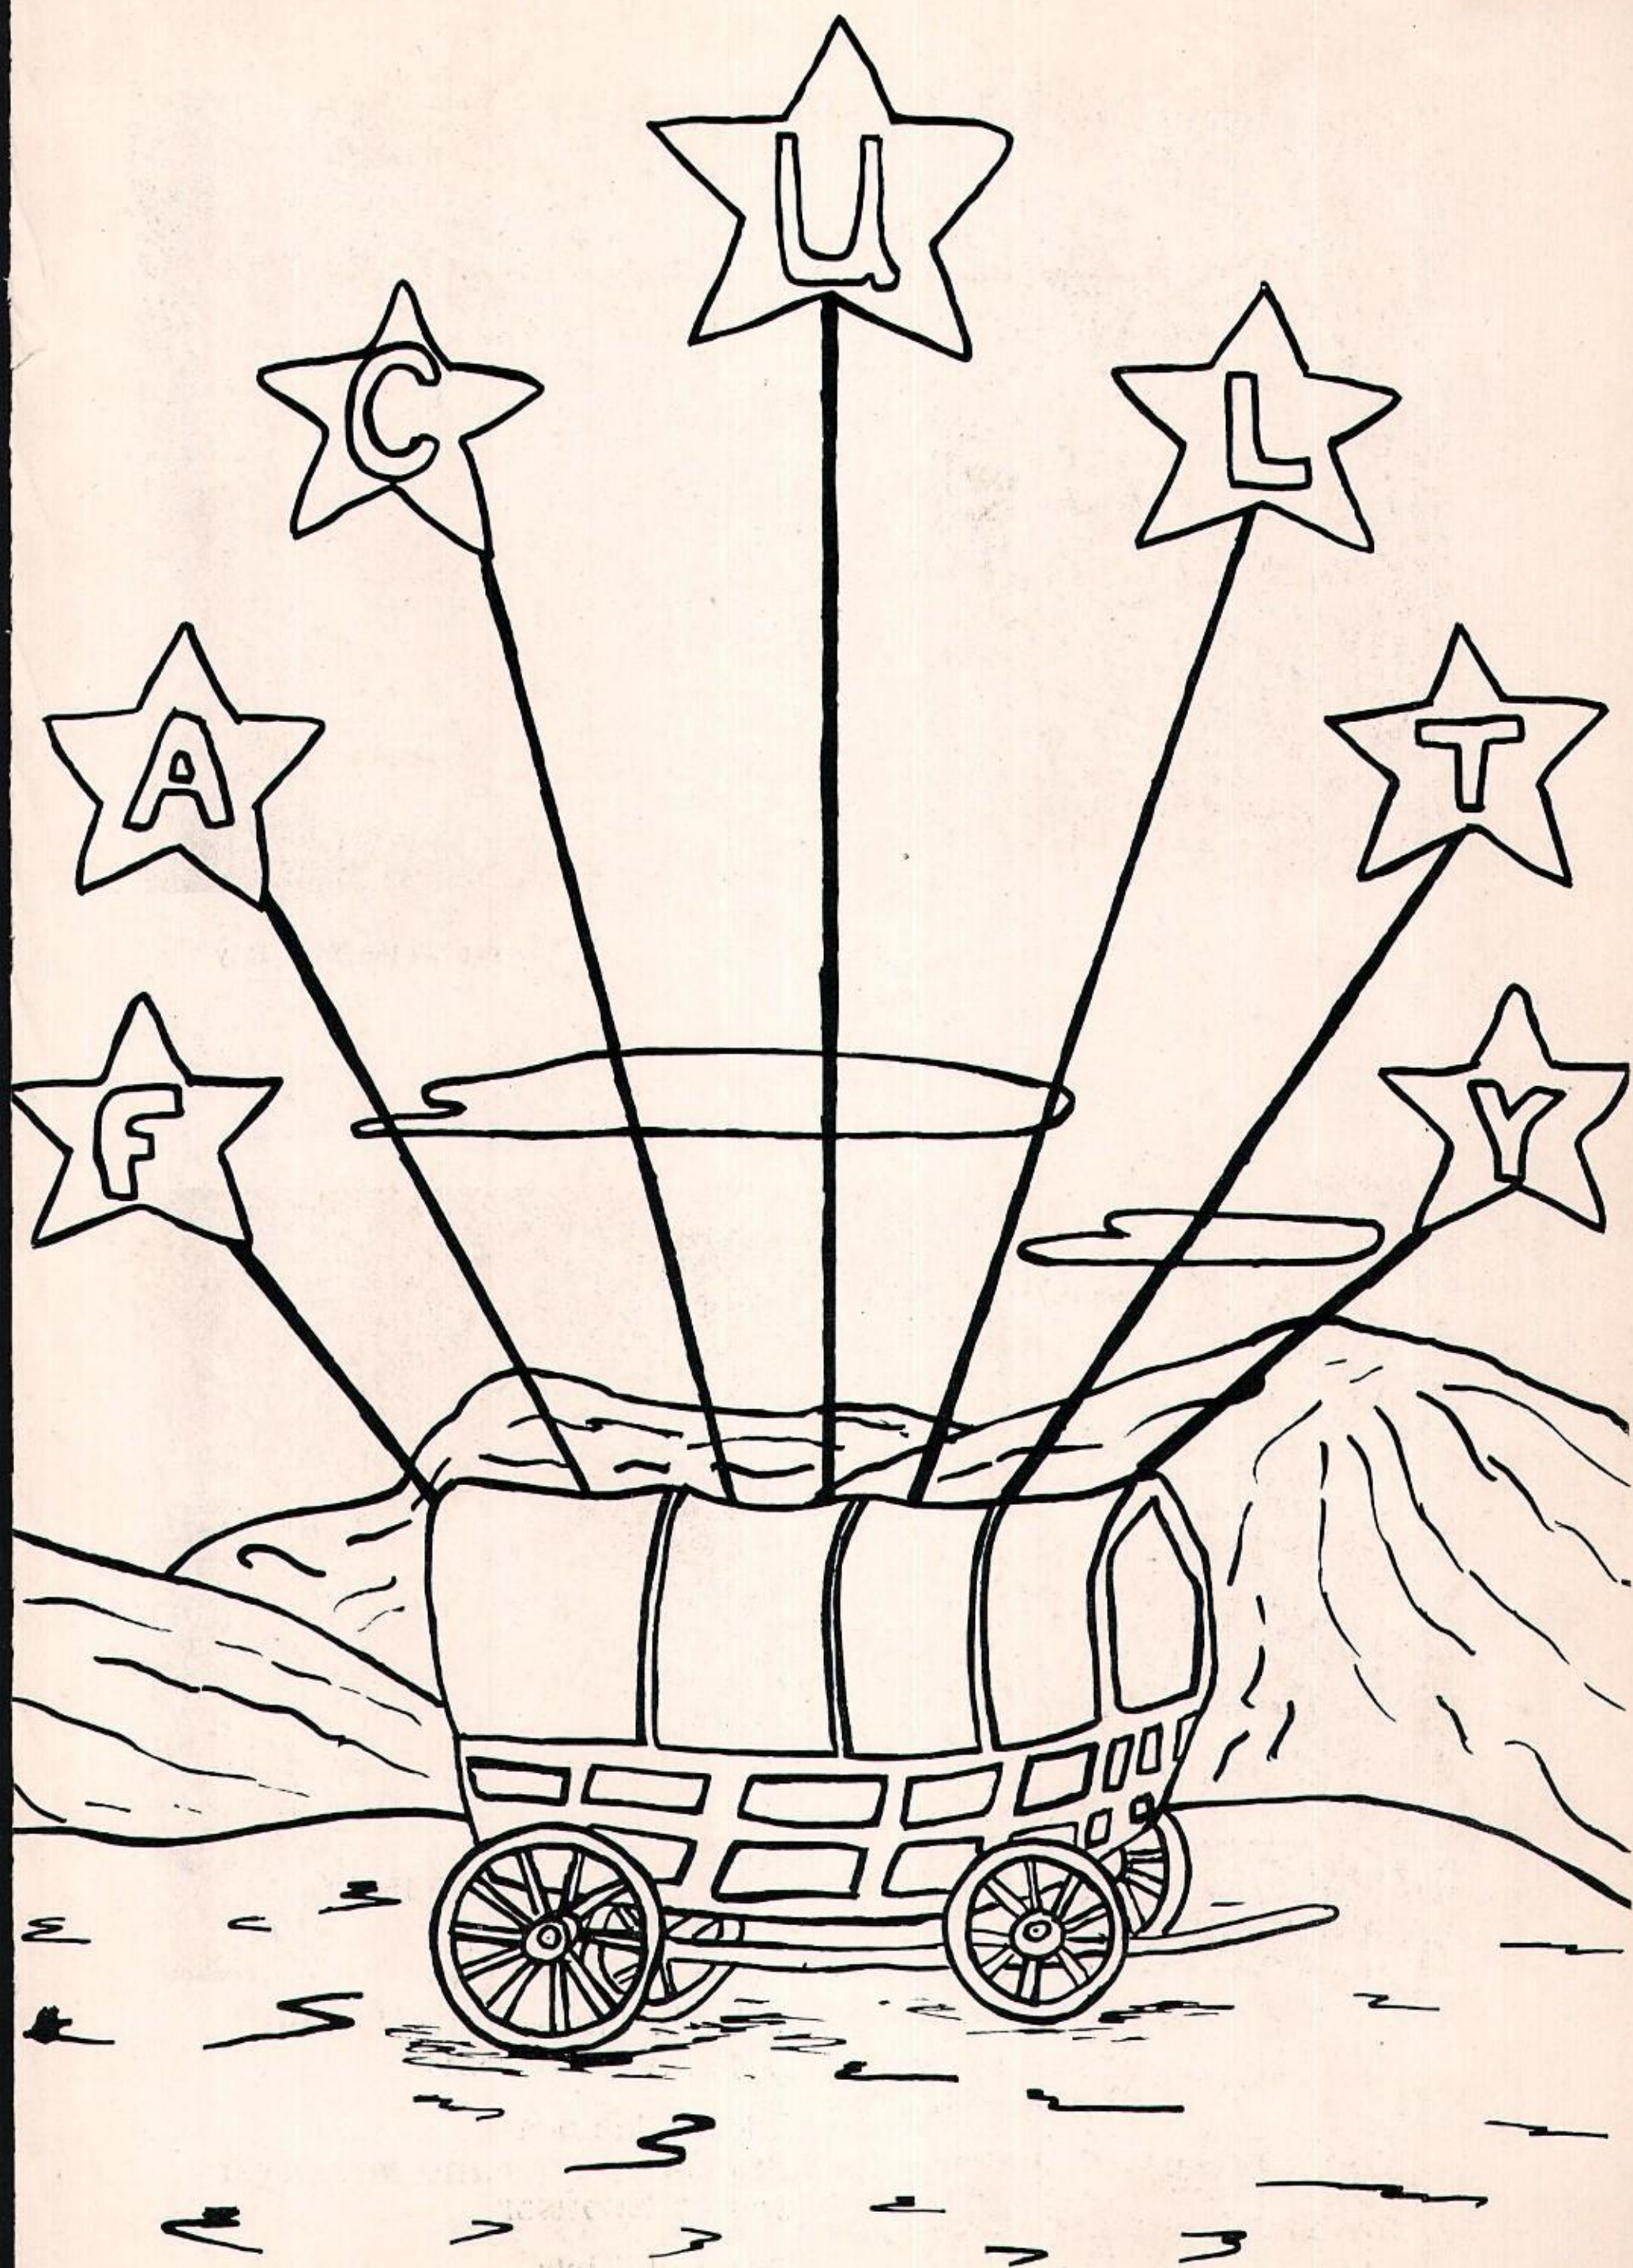

Advisory Board

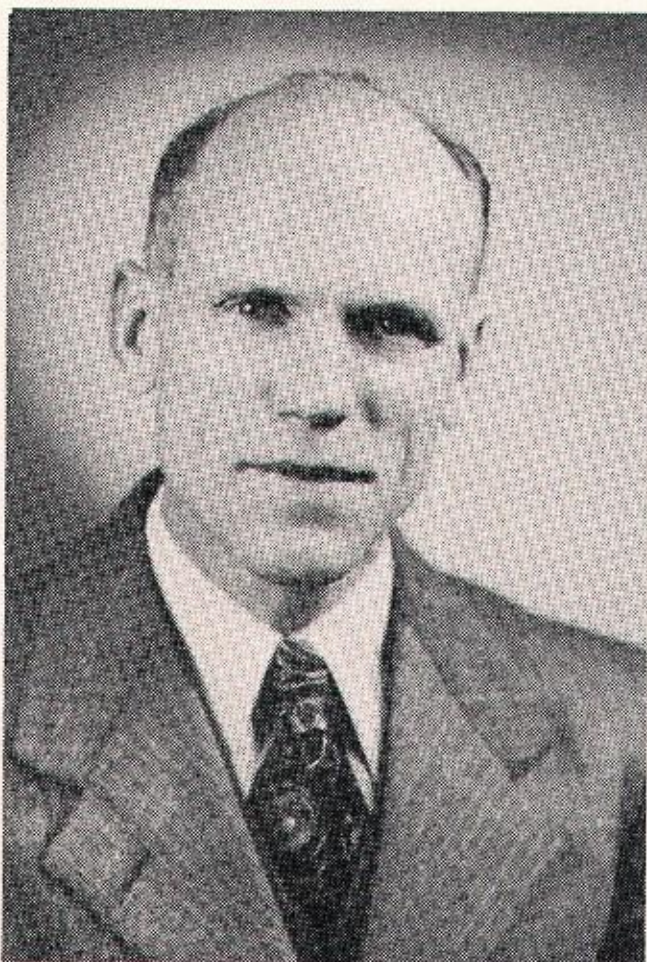

Mr. Owens and Mrs. Byer

Office

We, the Class of '49, wish to thank Mr. Owens and Mrs. Byer for their help and co-operation through the year.

Student Council

Keith Anderson	-----	President
Ralph Renbarger	-----	Vice-President
Estella Harry	-----	Secretary
Miss Varner, Mr. Simmerman	-----	Advisors

In 1947, after much discussion, the Student Council became a reality, through the efforts of Mr. Owens.

The purpose of this organization is to promote student government and to form a group where the student body shall be represented. Although the Student Council is little heard or seen, the members are constantly working with the faculty to help better our school conditions. Carolyn Upton and Keith Anderson have been our class representatives since the organization of Student Council.

Under the able supervision of Miss Varner these girls have carried on the duties of the library. There were a few improvements in the library this year and we hope there will be many more in the coming years.

This is the first year for G. A. A. in L. H. S., thanks to Miss Yacuk's efforts. The object of the organization is to stimulate interest in girls' athletics and to standardize and to promote ideals of health and sportsmanship. The activities are of a wide variety.

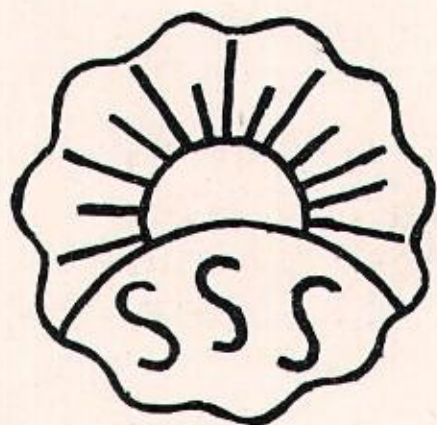

It's a fine organization, girls, so "let's keep the ball rollin'."

Sunshine Society

"OTHERS"

The Sunshine Society is an old society founded in 1901. Only in recent years has it become an honored society in Lapel High School. The name "Sunshine" has a very deep significance to all the girls who are members. In short, the Sunshine Society means kindness, helpfulness, cheerfulness and happiness. Some of the activities of the year have been formal initiation, contributions to Riley Fund, installations of officers, Christmas formal dance, high school mixers, mother and daughter banquet, and the May formal.

BAND

Lapel is indeed proud of its band. The outstanding accomplishment of the band is the music it furnished and the enthusiastic spirit it has contributed to all the home basketball games. There were ten senior members who were awarded honor sweaters. They were: Keith Anderson, Dottie Cunningham, Jean Hersberger, Warren Huntzinger, Bill Lewis, Loraine Myers, Carolyn Rich, Jeanne Snyder, Carolyn Upton and Charlene Valentine.

Majorettes

We wish to commend the Majorettes for their fine performance this year. There is one member of the corp we wish to give special mention to as she has given nine years of loyal service to the school. We are really proud of Carolyn Rich and we hate to see her go.

The Music Club was started in 1946 by Miss Hovermale. Its purpose is to create more interest in music. Meetings are held in the homes of the members. Committees are appointed to provide the entertainment for each meeting. The highlight of the club's activities was its Christmas pitch-in supper and the singing of Christmas carols through town. The club had a fine year and we hope it will continue to be a success.

Miss Hovermale, Director

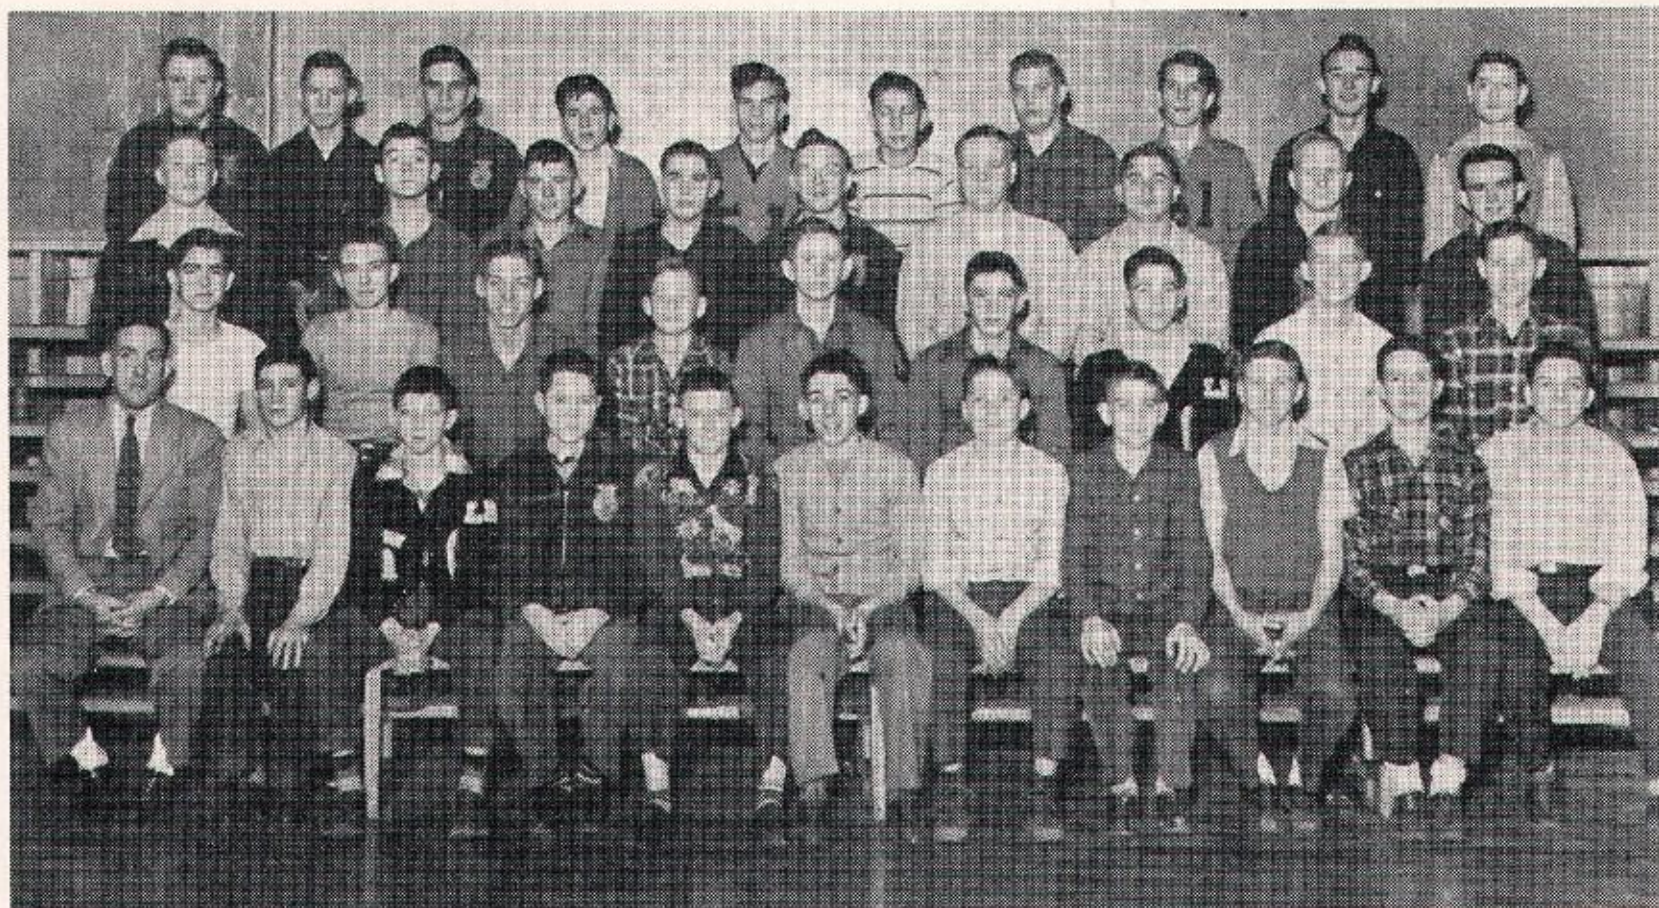

F. F. A.

"Learn by doing" is the motto of the Future Farmers of America, a boys' organization, which has for its purpose the training of farm boys in vocational agriculture. Most of the boys who are students in agriculture under Mr. St. John, the advisor for F. F. A., are members of this club.

Cheer Leaders

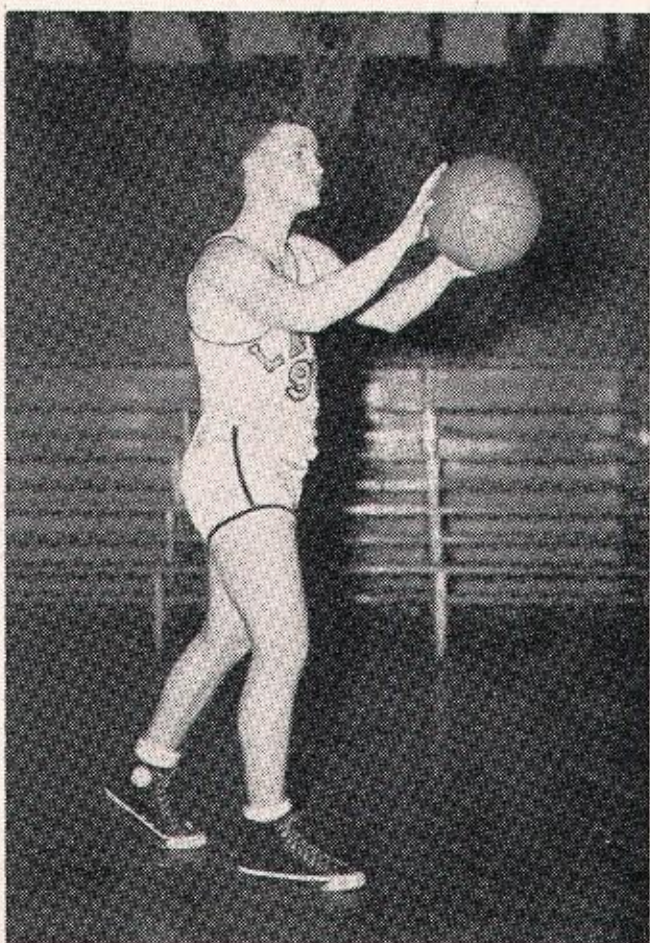

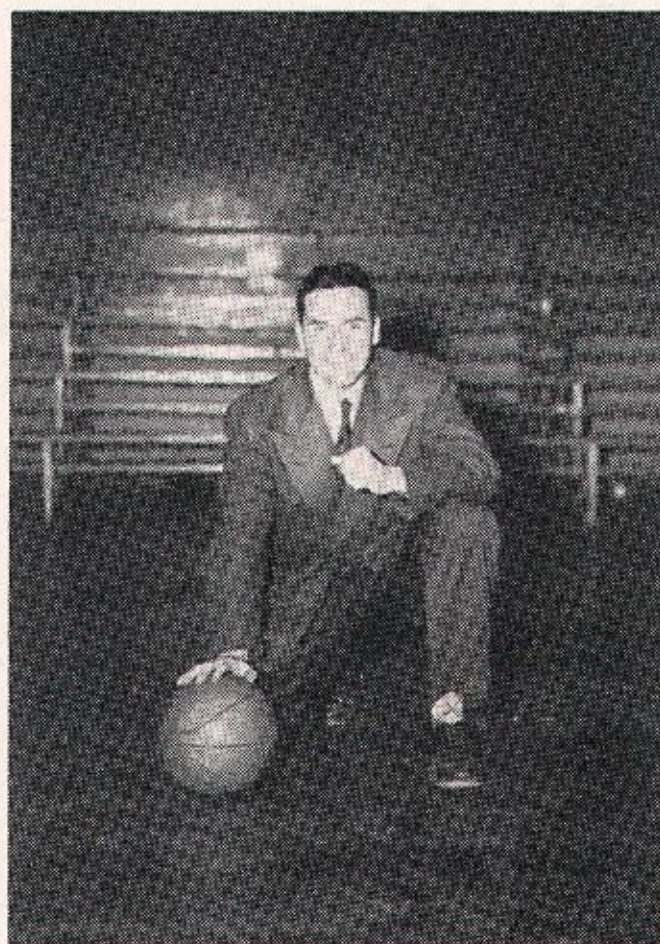

GERALD ROUDEBUSH

Coach Roudebush deserves more credit than anyone for the successful season which has just passed. He has guided the team through one of the most successful years in the history of the school. This being his first year made no difference. His performance through this year has made him outstanding to the school and community. He has done a great job in building a great ball team. We hope he will be back next year to carry on with the great work he has started.

ROLAND SHEETS

Sheets stuck with the team through thick and thin. Regardless of whose favor the score was in, he continually gave the boys encouragement and urged them to do better each moment of the game. He, along with Bush, deserves credit for making the team what it was.

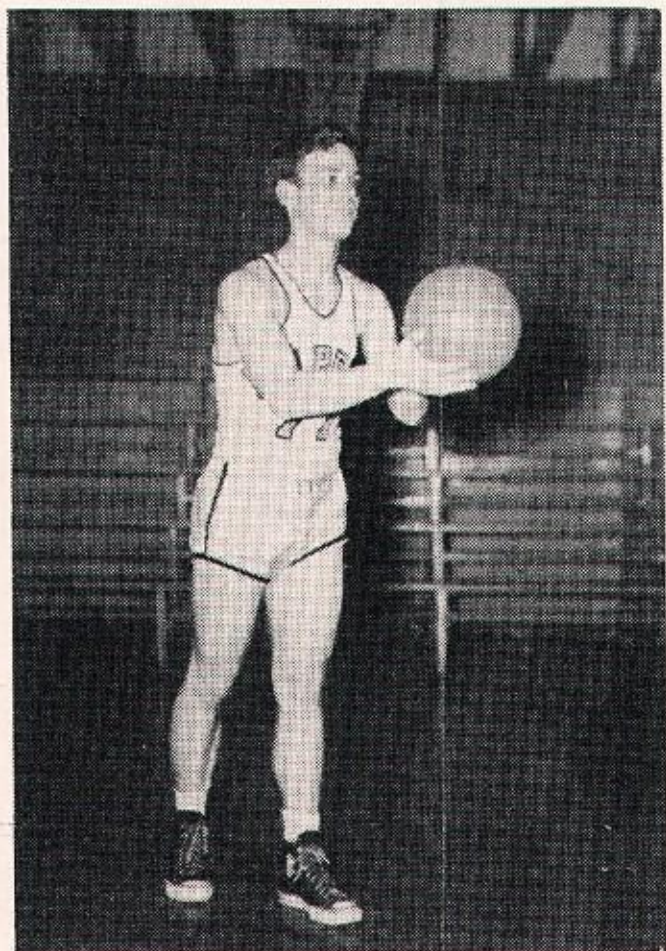

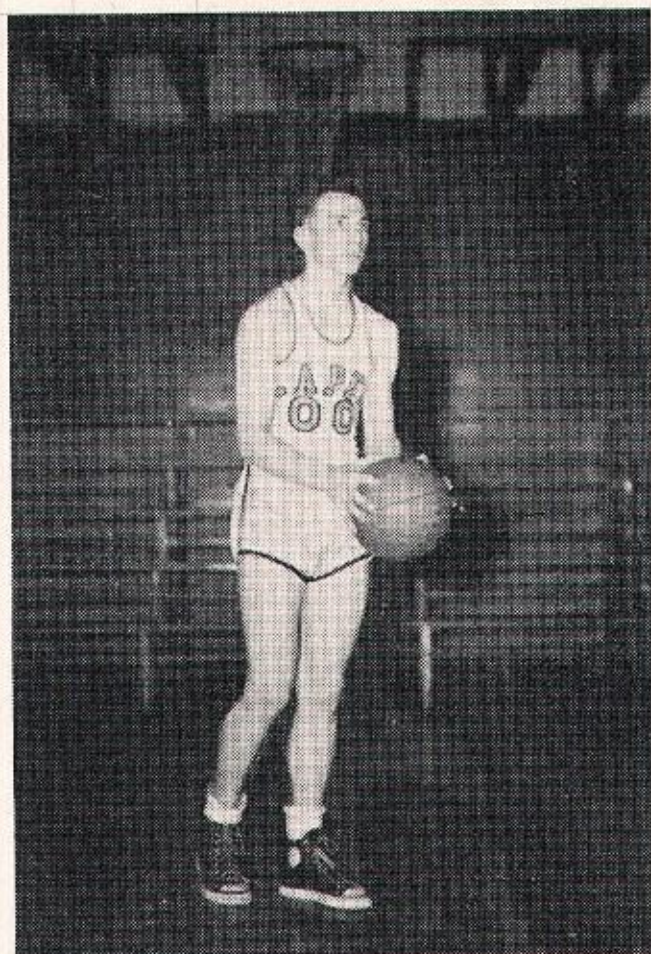

RONNIE VANNESS

This swift little 5'8" guard stuffed 280 points in the cage during the season to lead the team in individual scoring honors. He was most famous for his long one-handed push-shot with which he is very accurate. He graduates this year so "Bush" is going to have to hunt hard to find a person capable of filling his shoes. He also was elected co-captain by the team.

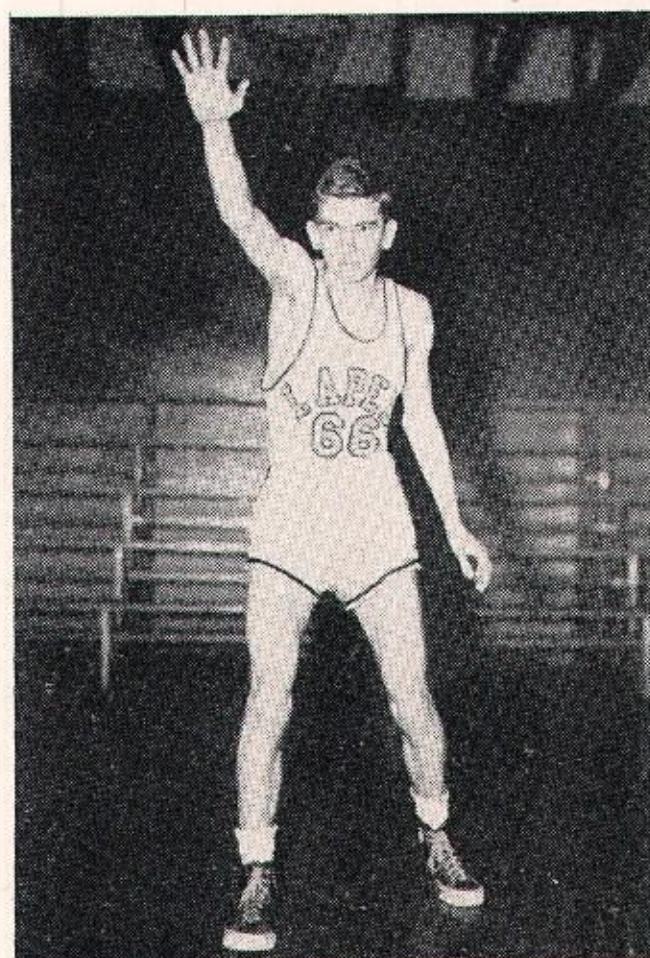

JACK HOWELL

Jack was one of the capable players who held a regular guard position on the team. As shown by his point making ability, in which he made 243 points, he helped the team to make the wonderful record and was elected as a co-captain by his teammates. He was regarded as one of the best guards in the county and he will be greatly missed next year.

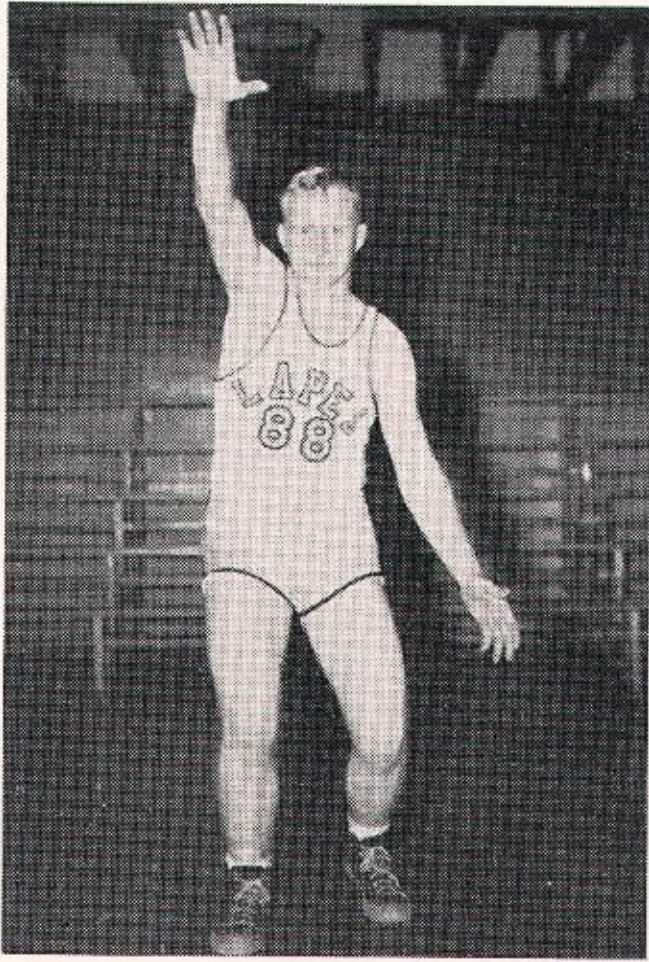

BILL BARKER

Bill was one of our speedy forwards. He dumped in 120 points using his favorite left-handed hook shot. With his speed and left hand, he was hard to stop. He was considered the best defensive man on the squad and was always given the toughest man on the opposing team. He is also a senior this year.

BILL LEWIS

"Chick" was used as a "spark-plug" for the team. When he was called upon in a pinch, he always came through. When the team was behind, it was usually "Chick" who brought them out of it. He wasn't the most brilliant scorer but made most of his points when needed most. He ended the season with 53 points. Since he is a senior, this is his last year on the team.

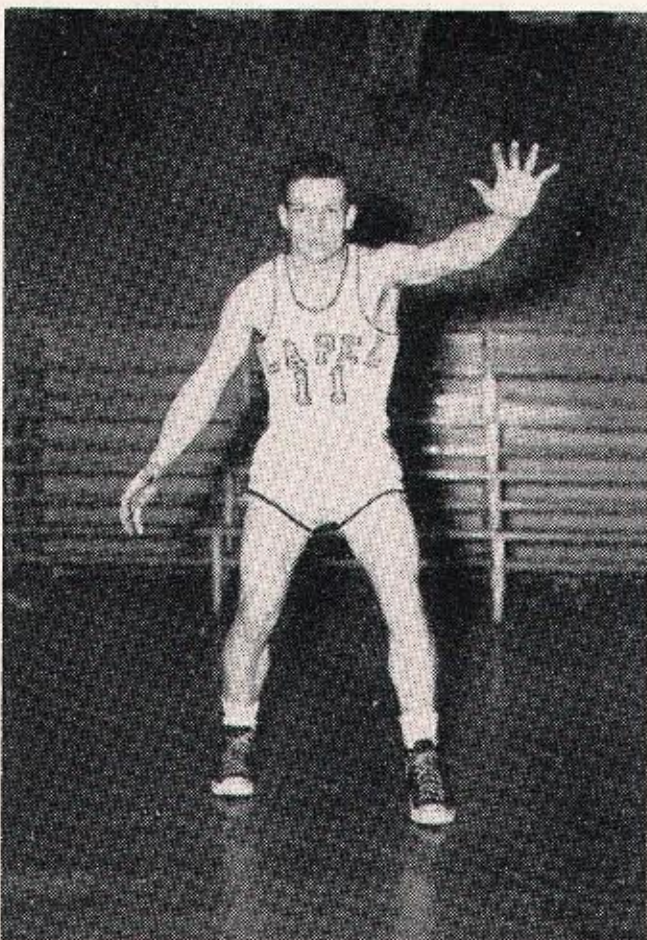

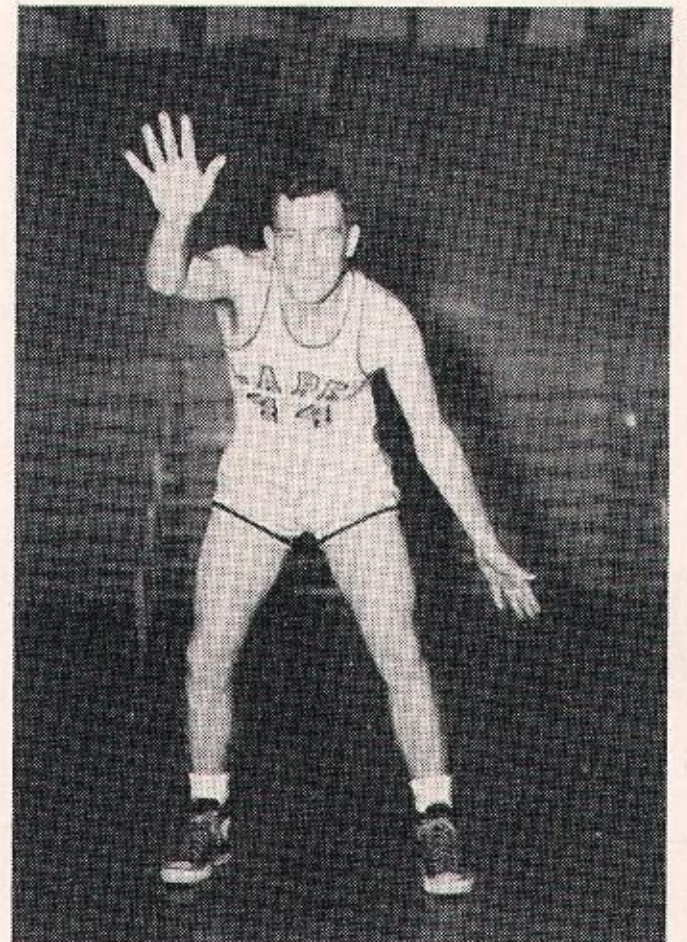

EUGENE RECTOR

Rector was one of the capable substitutes who was ready to play when called upon. He didn't score much due to the fact that he didn't play very much. Although he was a substitute, it will take a good ball player to take his place.

JIM MALES

"Nick" was the chubby boy on the team who was always willing to get in there and fight for all he was worth. Although he failed to score, Jim could have filled any position with equal ability. He was the guy who always kept the team in good spirits.

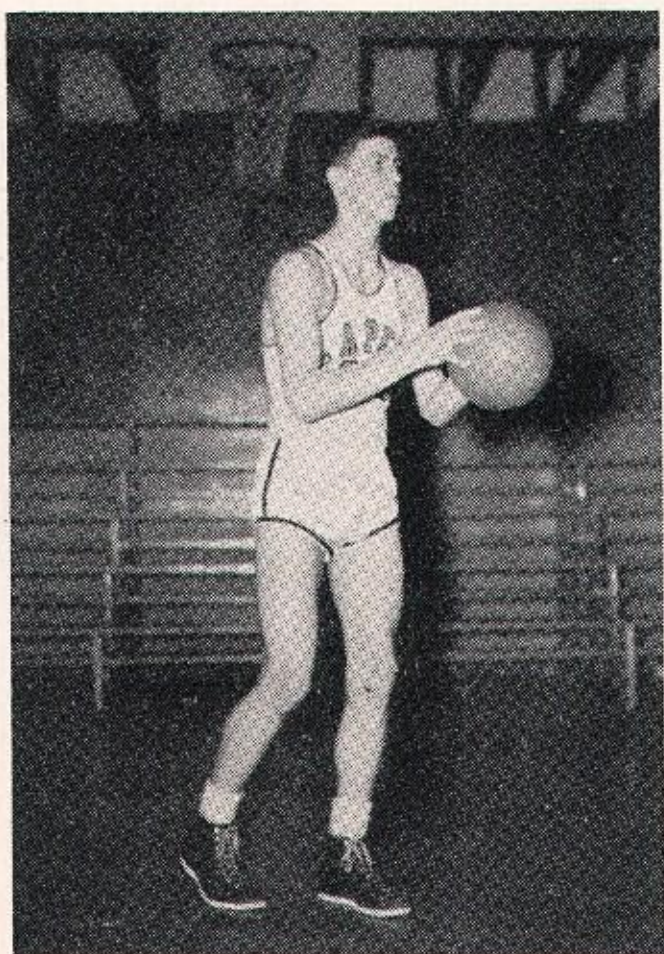

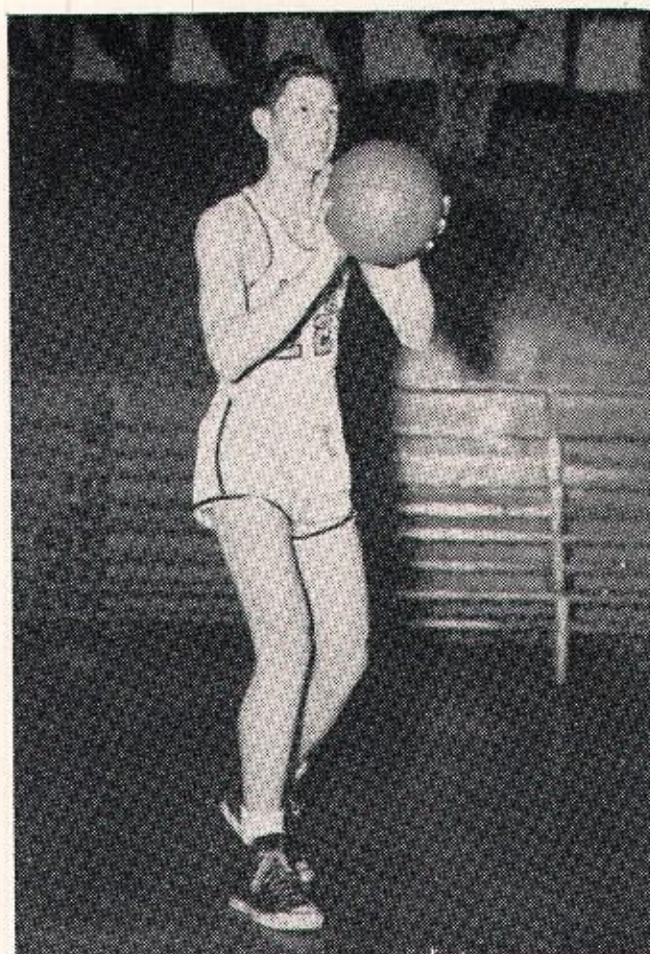

BILL THOMPSON

Bill was the small boy who could be depended upon to hold down the guard position exceedingly well if called upon to do so. Although he played very little, Bill was probably the scrappiest member of the team, playing hard and at the same time playing clean.

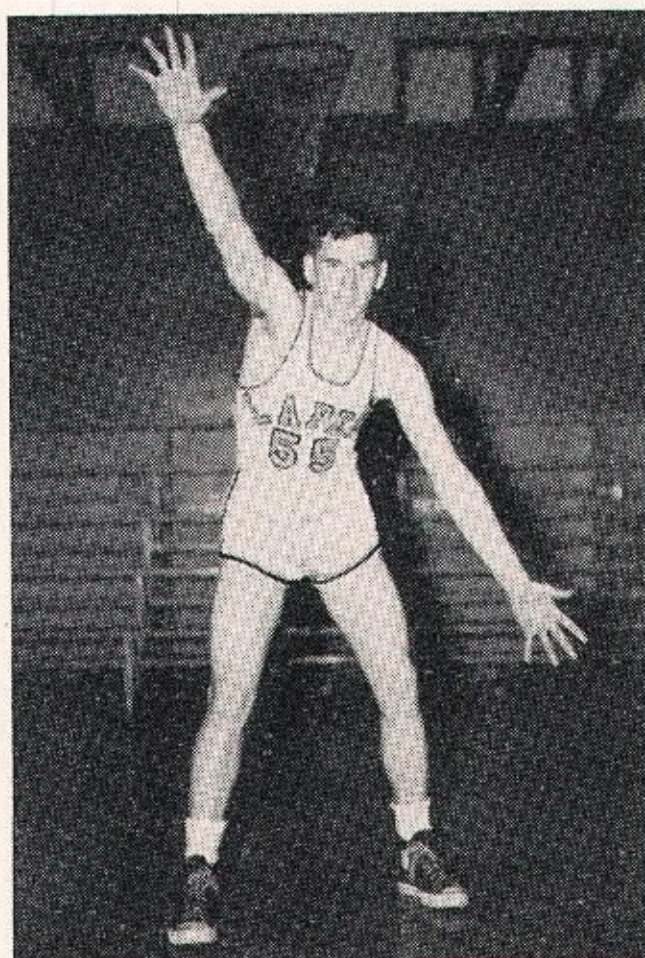

RALPH RENBARGER

"Renny" was our tip-in artist and could hold his own in any kind of competition. Too much praise could not be given to Ralph, who is one of the smoothest players one ever saw. He is constantly on the alert on both bank-boards, rebounding no matter how great the odds. Take your hat off to "Renny" and look out, opposition! He's coming back next year! He made 158 points.

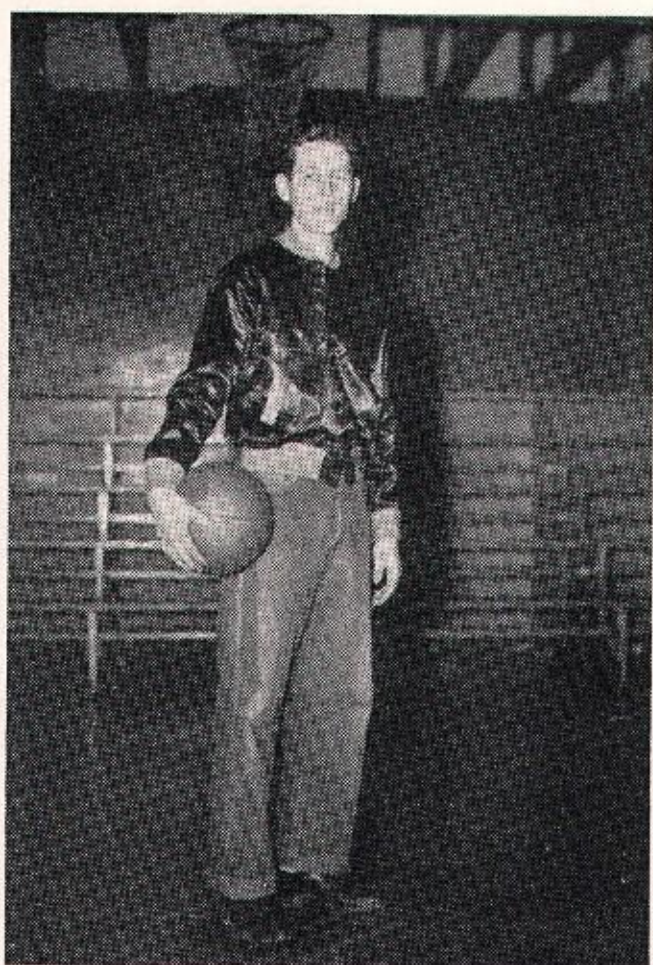

DICK MILLS

Here is a boy who, with his height and natural ability, could become one of the finest ball players ever to be had in Lapel. Give this boy a ball and he can demonstrate the proper way to shove it through the draped doughnut. Dick came in third in total points with 160.

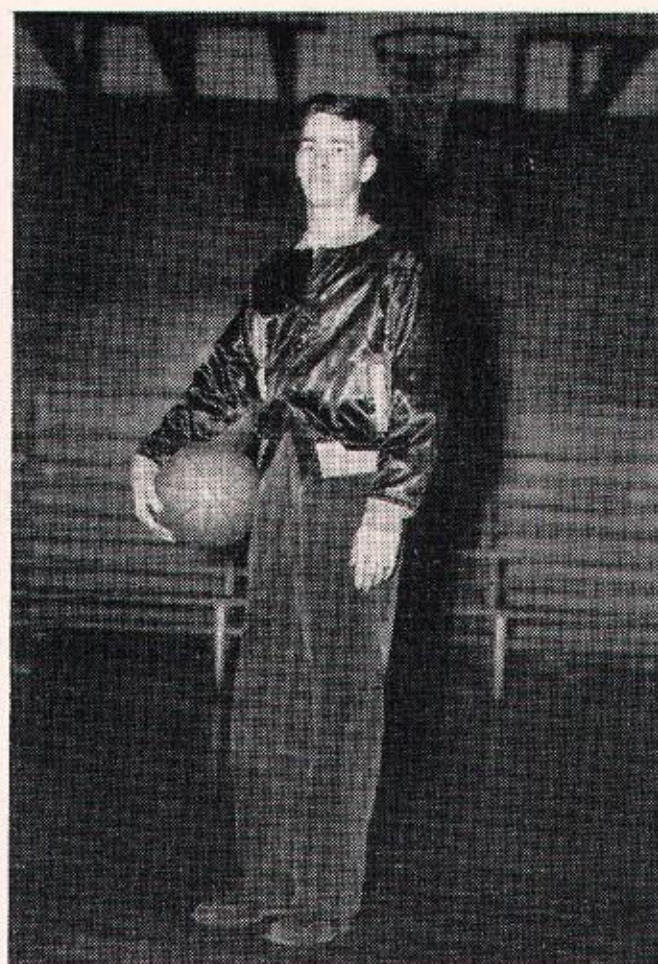

JACK BARKER

Jack, who is only a sophomore, helped the team out very much. He was our number one substitute who could always be counted on to fill the spot of one of the bigger boys. Since he has two more years left, he should develop into a great ball player.

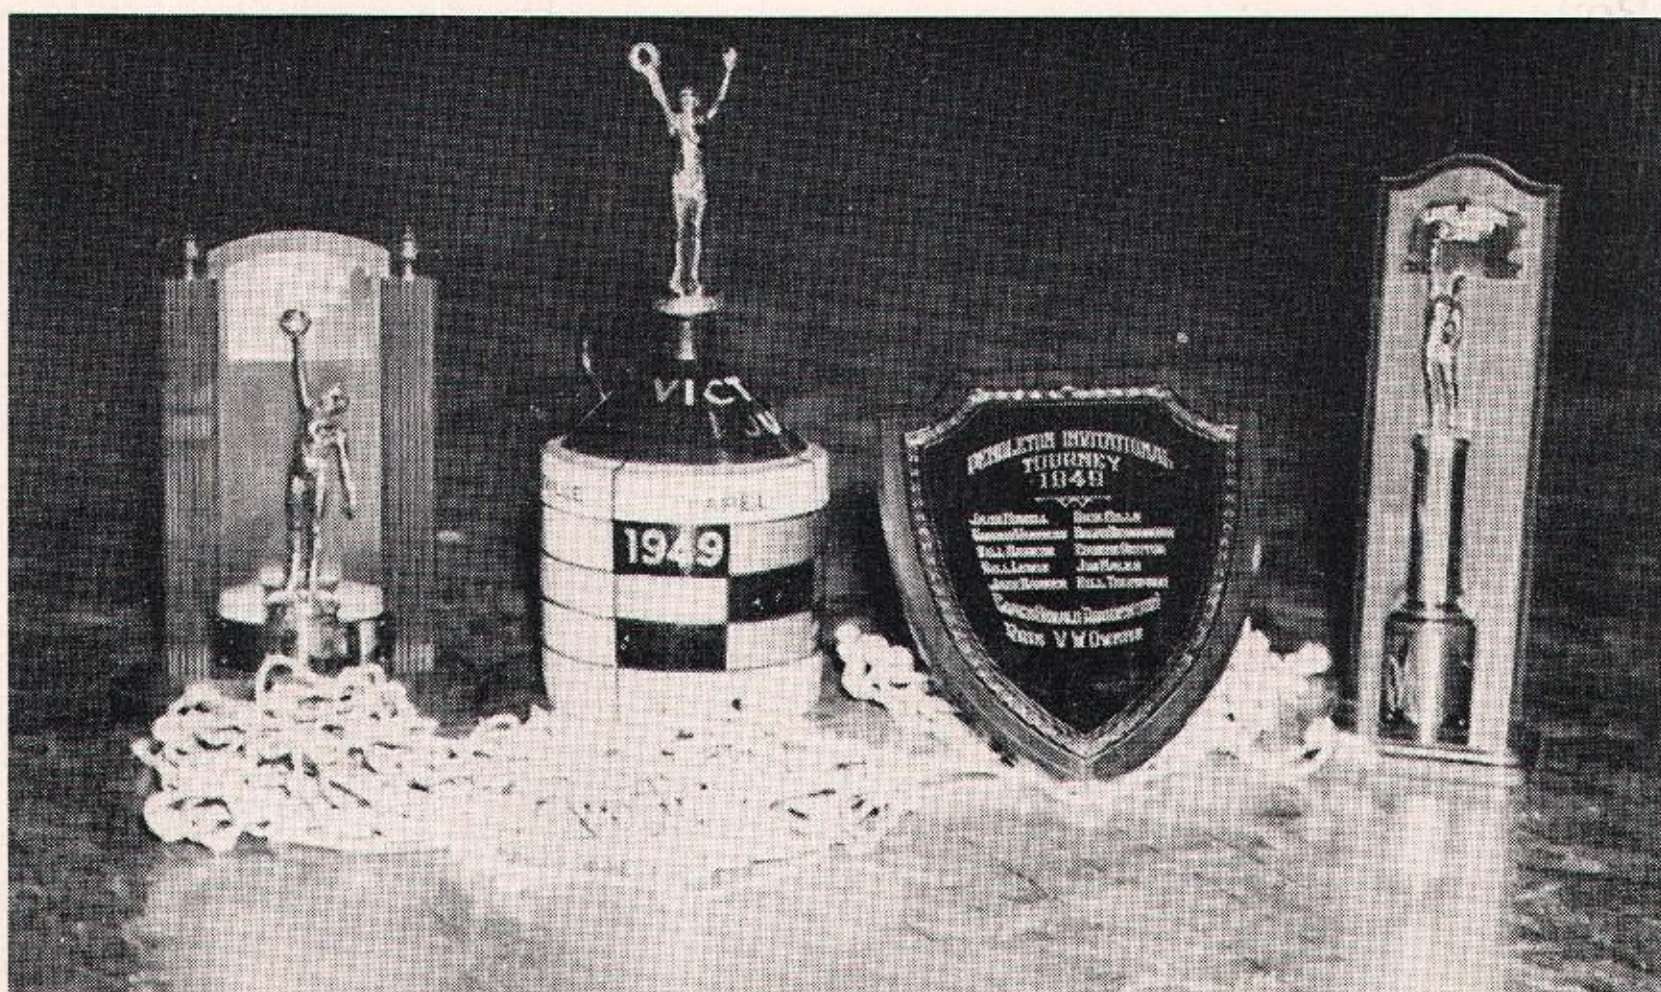

WARREN HUNTZINGER

"Doc" was the person who threw out the towel during time outs. He did everything from sweeping floors to giving speeches at which he is rather gifted. "Doc" stood by the team all year and issued out all sorts of clothing, while taking much abuse from the boys. To a guy like this, we doff our hat without an iota of shame.

MAX BRATTAIN

Brattain, who was statistician and assistant student manager deserves much credit for this year's work. He was the one who always did what no one else wanted to do. He did a great job this year but has one more years of work ahead.

Our Pioneers

TWELVE-YEAR CLASSMATES

The first spoke of the wagon wheel of the "49'ers" toward their destination started back in "37". Of the 42 graduating members of this class only 12 have been together throughout their entire school career. They are: Charlene Valentine, Carolyn Rich, Jeanne Snyder, Norma Bodenhorn, Bill Barker, Jack Howell, Jim Males, Eugene Rector, Keith Anderson, and 3 absent, Bill Lewis, Leah Hersberger, John Barcus.

Weeks passed by, months swiftly went,
Seasons came; 12 years we spent
Through these times we studied long,
Learning the right, correcting the wrong.
Now we'll leave, but life we'll face,
Using knowledge gained from this place.
As we from Lapel High School now depart,
We say from the depths of each grateful heart:
"Thanks for joys you ever bring"
"Thanks", we add, "for everything".

The Trail of the "49'ers"

FRESHMAN YEAR

In September, 1945, we began our freshman year. It is hard to imagine, but some of our now dignified seniors, were uncere-
moniously perched upon the sanitary water fountains and feeling
very much as a blade of grass after an April shower.

At the first class meeting Miss Hendrickson and Mr. Crooke
were selected as sponsors. The following officers were elected:
President, Jack Howell; Vice-President, Bill Barker; Secretary,
Charlene Valentine; Treasurer, Carolyn Rich.

SOPHOMORE YEAR

We had begun to grow up when we returned as sophomores.
Again at our first meeting we elected our officers. They were:
President, John Lackey; Vice-President, Bob Denson; Secretary,
Charlene Valentine; Treasurer, Carolyn Rich and Mrs. Thomas
and Mr. Brown as sponsors. We also selected Red and Gray as
our class colors, white Carnation as our flower, and "Less than
our best is failure" as our motto. Our treasury was increased by
the annual sophomore magazine sales.

JUNIOR YEAR

Facing a very important year we elected as officers: President,
Jack Howell; Vice-President, Bob Denson; Secretary, Ronnie Van-
ness; Treasurer, Loraine Myers. We had many enjoyable activi-
ties. Two of the most outstanding were the Junior Class Play,
"Calamity Kids" and the Junior-Senior Prom held at the Grand-
view Country Club.

Our sponsors were Mrs. Thomas and Miss Yacuk.

SENIOR YEAR

At last we were called the "Dignified Seniors". This had been
our goal since 1937. Many very enjoyable experiences will long be
remembered in the minds of all seniors from our last year. For
leadership we selected for President, Jack Howell; Vice-President,
Bob Denson; Secretary, Ronnie Vanness; Treasurer, Johnny
Lackey. For guidance we chose Mrs. Thomas and Mrs. Creed. We
presented "Willie's Week-End" which was a great success. We
also published the '49 edition of "The Bulldog".

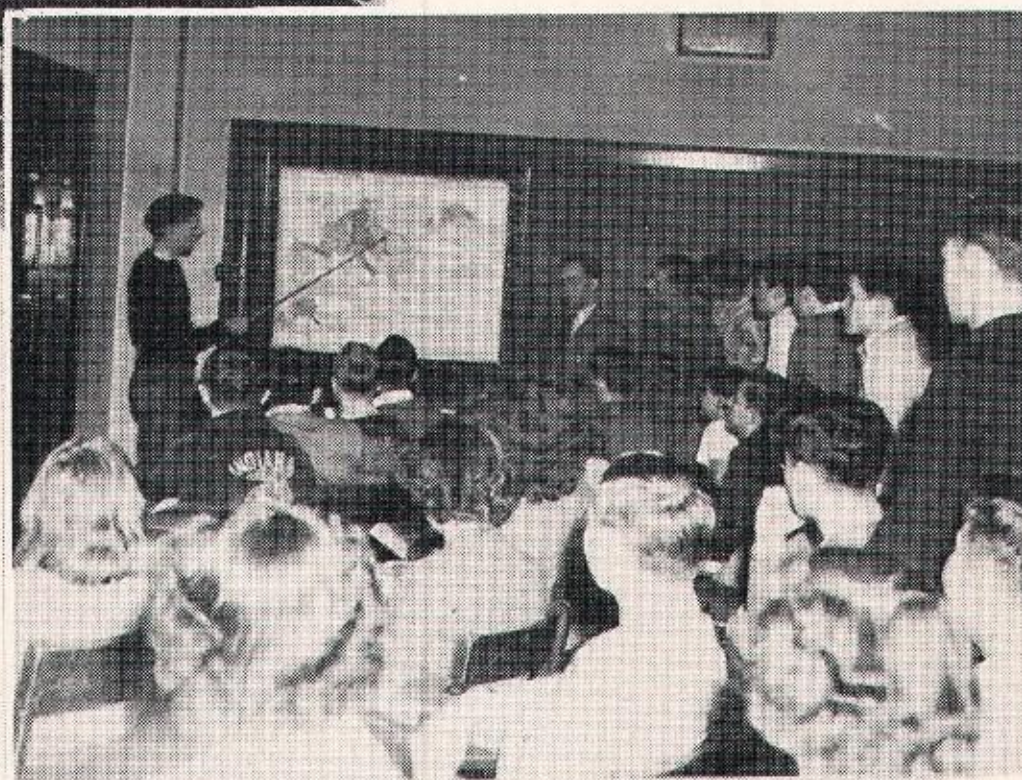

Our Commencement and Baccalaureate were two of the more
serious activities which high-lighted our final year. Our high
school days ended on May 6. On May 9 the seniors enjoyed a trip
to Chicago for three days and two nights. This concluded four
years of interesting and enjoyable memories which will remain
in the minds of the class of '49 for the rest of their lives.

NEW SONG HITS

Barbara Coverdale and Mary Barbee have written three top notch song hits.

Johnny get the Monkey Wrench,
Papa's Acting like a Nut.

Honey, Mix Radium with your Lipstick so I Can Find You in the Dark.

When Papa joined the K.K.K. He took our last clean sheet.

ONE TOO MANY

Richard Huffman's mother-in-law drank some wood alcohol and on the label it said, "Administer Emetic". The coroner, John Barcus, reports that the poor soul died while Richard was hunting the dictionary.

FIGHT PROMOTER ABROAD

Charlene Valentine, fight promoter, has an office here but at present is abroad trying to get a match for the 4th of July between Bill Shaul and a promising Australian fighter.

PRISON TERM

In Indianapolis a two year prison sentence was given to Carolyn Upton, lady candidate for sheriff, in the spring primaries for driving a stolen car while campaigning.

HOSPITALIZED

Robert Denson, our home town boy, is now a Big League Player. Yesterday playing against the Fishersburg Red Devils, Denson fumbled 5 fly balls. He was sent to the hospital for dropsy.

COLORFUL NOTION

William Lewis, renown experimenter, is up to his old tricks again. Last night before going to bed he drank a bottle of mercurochrome so his dreams would be in technicolor. Today, City Hospital reports his condition as being fair.

ASTOUNDS SCIENTISTS

Norma Bodenhorn, the mental marvel, receives messages by mental telepathy. She keeps getting threatening signals from the Federal Communications Commission.

The scientific world announces that an unknown chemist, Perry Lucas of Lapel, Indiana, has discovered a new method of changing iron into gold. This may change the entire economic outlook of U. S.

Leah Hersberger, acclaimed fortune teller, can not only tell if there is a man in a girl's future, but also if there is any future in the man.

"EDITOR'S HEAR SAY"

CONTROLLED ECONOMY

Malcolm Smith, noted Congressman, made a fiery speech in congress against 'controlled economy'; goes home wife gave him a big kiss; also his allowance for the week.

NEW LAW DESIRED

Warren Huntzinger, the town social climber, is going to have his congressman change the law of gravity so when he comes from a big party he can fall upstairs instead of down.

Miss Greta Swinford having been divorced 9 times, has established a home for young divorcees in Reno, Nevada. To give the girls every pleasure a residence for bachelors has been erected. The men must have the following qualifications: millionaire, not over 25 years old, play-boy type, Cadillac.

If interested consult Miss Swinford.

Betty Bayley, superintendent of a well known Mental institution, discloses that some of the deranged patients have been designing womens' hats. This confirms our long standing suspicion.

Carolyn Rich, a noted socialite, drank 15 pink ladies at a cocktail party. She saw a blue elephant. The next morning she had a hangover in technicolor.

Loraine Myers, the noted psychologist, was seen running down the street last week yelling for a psychologist. When a bystander asked her why she needed one when she was one herself she said, "I know but I charge too much."

Keith Anderson, the inventor of the everlasting match, is now working on a new invention, an everlasting hot-foot.

Screen star, Ronnie Vanness, long a prey of the autograph seekers and souvenir hunters, returned from a trip abroad proudly smoking one of Winston Churchill's cigars which he picked up on a cross-channel steamer in the state room Churchill had occupied.

UP THERE TOO

It was in the Arctic Circle. Across the icy waters appeared a dog sled. Its occupants were a cute little Eskimo maiden, and gold prospector Lawrence Lee. "Mush" said the Eskimiss. "Mush" said Lee. And while they were mushing someone stole the dog sled.

HEARD IN PASSING

The former Joanne Gentry talking to her 3rd husband, "I give you fair warning. The night before last you came home yesterday; last night you came home today—now this evening if you come home I won't be here."

Phyllis Eiler is the only candidate running for President of U. S. this year. Her party manager has distributed Helium dimples to her opponents so they can keep their chins up.

Phyllis Wise, outstanding journalist of the New York Times suggests that when the present divorce wave subsides she is going to publish, "Who's Whose".

The Hersberger Bureau of Unessentials Independent Fact Finding Agency, has just released the following reports: All divorces are due to marriages—Fifty percent of married people in the U. S. are women.

Marilyn Snyder, owner of a one woman band, becomes a quartet; makes four times as much money.

John Lackey, cashier at bank plays the horses with depositors' money. Makes millions; buys bank.

Eugene Rector still a confirmed bachelor when asked his reason he said, "If I live to be a 100, I'll never understand the why of a bigamist. Who would want two mothers-in-law?"

Police woman Idabelle Renbarger, arrested racer Jack Howell who had smashed in three police cars, caromed off into the fourth and came to stop in front of the police station.

Dottie Cunningham, renown psychiatrist, runs over garden peas with a lawnmower to prove that it gives them split personality.

QUITE A DIFFERENCE

The newly rich Miss Hudson decided to spend some of her sudden wealth on a trip around the world. Returning to Lapel she was describing her trip to her friends. "And in China", she said "I got the biggest surprise of all. They have buggies that are called rickshaws and they're pulled by horses that look just like men."

Pauline Lewis, executive secretary of the Bureau of Misinformation discloses that this country is under quite a handicap. It can do anything any other country can do except borrow money from the U. S.

High School Chorus

Several members of the High School Chorus this year have taken part in many good performances. The chorus went to Summitville for the Annual Music Festival. Several members of the chorus took part in the operetta, "Sun-bonnet Sue"—also, some have formed into small groups and sing for clubs, programs etc. We have all enjoyed this year's work with the chorus.

A SENIOR'S MEDITATION

Vacation is here, the last in my course.
 Life opens before me. What shall I do?
 My counsel must come from some other source,
 My guides now leave me and bid me adieu.
 What have I gathered in four vital years,
 That shall direct me to some worthy end?
 Can I cope better with doubts and with fears?
 Yea, for what, did I, these vital years spend?
 I have received much; now much I must give
 To balance accounts, to settle my debt.
 For service alone is why we should live.
 This lesson I've learned; I'll never forget.
 My kind Alma Mater, I promise you—
 I'll bring you no shame, what e'er I may do.

Sunbonnet Sue

May

Queen

Idabelle Renbarger

Every year the girls and boys of Lapel High School elect a senior girl who is outstanding in personality, honesty, citizenship, loyalty, sportsmanship, leadership and gracefulness. The queen and her court are featured at the May Day Dance, sponsored by the Sunshine Society. Her attendants are chosen by the boys from the respective classes.
